#### TWIN DISC, INC. ANNOUNCES FISCAL 2020 SECOND QUARTER FINANCIAL RESULTS

- Second quarter impacted primarily by decline in oil and gas sales
- Strategies to enhance efficiencies benefiting sequential gross profit
- Management expects improving demand across core markets in the second half of fiscal 2020
  - Six-month backlog remains stable at \$94.7 million

RACINE, WISCONSIN — January 31, 2020 — **Twin Disc, Inc. (NASDAQ: TWIN)**, today reported financial results for the fiscal 2020 second quarter and first half ended December 27, 2019.

Commenting on the results, John H. Batten, Chief Executive Officer, said: "Gross profit has increased over the past two quarters reflecting the benefits of new manufacturing capabilities, technologies, and processes, and the investments we are making throughout our business to expand profitability. Our new Texas manufacturing facility is expected to begin production within the next nine months, which will further expand our production capabilities and capacity and streamline our supply chain. I am encouraged by the progress we are making to improve our cost structure, which will have a favorable impact on profitability in future quarters and as demand increases."

Mr. Batten continued: "Our six-month backlog at December 27, 2019, was \$94.7 million, compared to \$99.6 million at June 30, 2019, and \$137.8 million at December 28, 2018. We are starting to see early indications of improving demand trends in several of our markets. Specifically, we have received multiple orders from Asian fracking customers for our recently-released 7600-transmission system and we expect shipments of oil and gas transmission systems will be higher in the third quarter, compared to the fiscal 2020 first and second quarters. In addition, Veth is starting to expand its customer base in North America and in Asia, which we believe will contribute to improving marine trends in the coming quarters. We have developed a compelling strategy to adjust our business for fiscal 2020's challenges, and we believe Twin Disc will emerge well positioned for sustainable sales growth and meaningful improvements in profitability in fiscal 2021 and beyond."

Sales for the fiscal 2020 second quarter were \$59.5 million, compared to \$78.1 million for the same period last year. The 23.8% decrease in fiscal 2020 second quarter net sales was primarily due to continued softness across the Company's industrial, marine, and oil and gas markets compared to the same period the prior fiscal year, and production delays that impacted shipments of transmission systems to North American fracking customers. Foreign currency exchange had a \$1.1 million unfavorable impact on fiscal 2020 second quarter sales and a \$2.6 million unfavorable impact on fiscal 2020 year-to-date sales. Year-to-date sales decreased 22.2% to \$118.8 million, compared to \$152.8 million for the fiscal 2019 first half.

Gross profit for the fiscal 2020 second quarter was 26.4%, compared to 33.4% for the same period last year. The 700-basis point year-over-year decrease in gross profit percent for the fiscal 2020 second quarter was primarily due to lower sales, a less profitable mix of revenues and volume shifting to lower margin products. The gross profit percent for the second quarter is improved over the first quarter of fiscal 2020 (16.3%) and the fourth quarter of fiscal 2019 (22.7%). The improving trend over the past three quarters is the result of targeted cost reduction actions on key products and overall focus on cost containment and production efficiencies. Year-to-date, gross margin was 21.3% compared to 32.8% for the fiscal 2019 first half. Gross profit, as a percent of fiscal 2020 year-to-date sales, adjusted for the \$3.9 million product performance accrual taken in the fiscal 2020 first quarter, was 24.6%.

For the fiscal 2020 second quarter, marketing, engineering and administrative (ME&A) expenses decreased \$2.5 million to \$16.4 million, compared to \$18.9 million for the fiscal 2019 second quarter. The 13.2% decrease in ME&A expenses in the quarter was primarily due to lower professional fees (\$0.7 million), bonus expense (\$0.7 million), stock-based compensation (\$0.2 million), the impact of the Mill Log divestiture (\$0.7 million) and successful cost containment measures (\$0.8 million). These decreases were partially offset by an increase to amortization expense (\$0.6 million). As a percent of revenues, ME&A expenses increased to 27.6% for the fiscal 2020 second quarter, compared to 24.2% for the same period last fiscal year. Year-to-date, ME&A expenses were \$32.8 million, compared to \$37.9 million for the fiscal 2019 first half. As a percent of revenues, ME&A expenses increased to 27.6% for the same period last fiscal year.

Twin Disc recorded restructuring charges of \$4.2 million in the fiscal 2020 second quarter, compared to restructuring charges of \$0.4 million in the same period last fiscal year. Second quarter restructuring expenses included \$3.2 million related to the partner-driven termination of a marine propulsion program, for which the Company had provided development and production services. This \$3.2 million charge was comprised of a \$2.2 million non-cash write-off of assets and a \$1.0 million cash settlement related to supplier commitments associated with the program. The remaining \$1.0 million of restructuring charges relate to cost reduction actions at the Company's domestic and European operations. Year-to-date, the Company recorded restructuring charges of \$4.4 million, compared to \$0.6 million for the same period last fiscal year.

The fiscal 2020 first half tax rate of 4.3% was significantly lower than the fiscal 2019 first half rate of 25.1%. The current year rate was significantly impacted by the GILTI (Global Intangible Low-Taxed Income) provisions of the Tax Cuts and Jobs Act. GILTI provisions require the inclusion of foreign income but prohibit certain foreign deductions and credits when in a domestic loss position. The GILTI inclusion decreased the current year rate by 18.6%. Income generated in foreign jurisdictions and other tax preference items also impacted the current year rate.

Net loss attributable to Twin Disc for the fiscal 2020 second quarter was \$6.5 million or (\$0.49) per share, compared to net income attributable to Twin Disc of \$4.1 million, or \$0.31 per diluted share, for the fiscal 2019 second quarter. Year-to-date, the net loss attributable to Twin Disc was \$12.8 million, or (\$0.98) per share, compared to net income attributable to Twin Disc of \$6.9 million, or \$0.56 per diluted share for the fiscal 2019 first half.

Earnings (loss) before interest, taxes, depreciation and amortization (EBITDA)\* were a loss of \$(2.0 million) for the fiscal 2020 second quarter, compared to \$9.1 million for the fiscal 2019 second quarter. For the fiscal 2020 first half, EBITDA was a loss of \$(6.6 million), compared to \$17.1 million for the fiscal 2019 comparable period.

Jeffrey S. Knutson, Vice President – Finance, Chief Financial Officer, Treasurer and Secretary, stated: "We ended the fiscal 2020 second quarter with higher than expected inventory levels as a result of a greater number of finished products waiting for shipment at our distribution subsidiaries, while inventory levels at our manufacturing facilities decreased during the quarter. As a result, we expect inventories to decline in the coming quarters, which will result in improving cash flows from operating activities. We continue to make strategic enhancements to our operations and year-to-date we invested \$6.9 million in capital expenditures. We now expect to invest approximately \$11.0 million to \$13.0 million in capital expenditures in total during fiscal 2020. I am pleased with the progress we are making to improve our cost structure and enhance our profitability."

Twin Disc will be hosting a conference call to discuss these results and to answer questions at 11:00 a.m. Eastern Time on Friday, January 31, 2020. To participate in the conference call, please dial 888-394-8218 five to ten minutes before the call is scheduled to begin. #### Forward-Looking Statements

This press release may contain statements that are forward looking as defined by the Securities and Exchange Commission in its rules, regulations and releases. The Company intends that such forward-looking statements be subject to the safe harbors created thereby. All forward-looking statements are based on current expectations regarding important risk factors including those identified in the Company's most recent periodic report and other filings with the Securities and Exchange Commission. Accordingly, actual results may differ materially from those expressed in the forward-looking statements, and the making of such statements should not be regarded as a representation by the Company or any other person that the results expressed therein will be achieved.

#### \*Non-GAAP Financial Disclosures

Financial information excluding the impact of asset impairments, restructuring charges, foreign currency exchange rate changes and the impact of acquisitions, if any, in this press release are not measures that are defined in U.S. Generally Accepted Accounting Principles ("GAAP"). These items are measures that management believes are important to adjust for in order to have a meaningful comparison to prior and future periods and to provide a basis for future projections and for estimating our earnings growth prospects. Non-GAAP measures are used by management as a performance measure to judge profitability of our business absent the impact of foreign currency exchange rate changes and acquisitions. Management analyzes the company's business performance and trends excluding these amounts. These measures, as well as EBITDA, provide a more consistent view of performance than the closest GAAP equivalent for management and investors. Management compensates for this by using these measures in combination with the GAAP measures. The presentation of the non-GAAP measures in this press release are made alongside the most directly comparable GAAP measures.

#### Definition - Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA)

The sum of, net earnings and adding back provision for income taxes, interest expense, depreciation and amortization expenses: this is a financial measure of the profit generated excluding the above mentioned items.
