TWIN DISC, INC., ANNOUNCES STOCK REPURCHASE AUTHORIZATION

RACINE, WISCONSIN—July 31, 2007—Twin Disc, Inc. (NASDAQ: TWIN), today announced that its Board of Directors has authorized the repurchase of up to 200,000 shares of its common stock outstanding, replacing its previously approved stock repurchase authorization. The stock when purchased will be added to the Company's treasury shares. These purchases will be made in the open market or in negotiated transactions from time to time depending on market conditions.

"Twin Disc is dedicated to creating long-term value for its shareholders," stated Michael E. Batten, Chairman, President and Chief Executive Officer. "Repurchasing our common stock not only represents the Board's confidence in our Company's future, but is an excellent use of our capital. Buying our stock back should benefit our shareholders by increasing earnings and book value on a per-share basis and to offset any dilution from the issuance or exercise of shares through the Company's incentive stock plans."

About Twin Disc

Twin Disc, Inc. designs, manufactures and sells marine and heavy-duty off-highway power transmission equipment. Products offered include: marine transmissions, surface drives, propellers and boat management systems, as well as power-shift transmissions, hydraulic torque converters, power take-offs, industrial clutches and control systems. The Company sells its products to customers primarily in the pleasure craft, commercial and military marine markets, as well as in the energy and natural resources, government and industrial markets. The Company's worldwide sales to both domestic and foreign customers are transacted through a direct sales force and a distributor network.

Forward-Looking Statements

This press release may contain statements that are forward looking as defined by the Securities and Exchange Commission in its rules, regulations and releases. The Company intends that such forward-looking statements be subject to the safe harbors created thereby. All forward-looking statements are based on current expectations regarding important risk factors including those identified in the Company's most recent periodic report and other filings with the Securities and Exchange Commission. Accordingly, actual results may differ materially from those expressed in the forward-looking statements, and the making of such statements should not be regarded as a representation by the Company or any other person that the results expressed therein will be achieved.
