**Item 5.02**                      **Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**

On June 21, 2013, the Board of Directors of Twin Disc, Incorporated (the "Company") elected John H. Batten, age 47, to the position of President – Chief Executive Officer of the Company effective November 1, 2013. The Company's current Chief Executive Officer, Michael E. Batten, age 73, will step down from his position as Chief Executive Officer of the Company effective November 1, 2013, and will retire from the employment of the Company effective December 31, 2013. After that date, Mr. Michael E. Batten will continue to serve as non-executive Chairman of the Board of Directors.

John H. Batten joined the Company in 1996 as an application engineer and in 1998 was named Commercial Manager – Marine Propulsion. He was elected Vice President – General Manager Marine & Propulsion in 2001 and a Director of the Company in 2002. He became Executive Vice President – European Manufacturing & Marine and Propulsion Marketing in 2004. In 2008 he was promoted to the position of President – Chief Operating Officer.

Michael E. Batten joined the Company in 1970 and held the positions of Subsidiary Controller and Vice President – Secretary until he was named Executive Vice President 1976. He was elected President – Chief Executive Officer in 1983. In 2008, his role as President of the Company was transitioned to John H. Batten.

The Company's press release dated June 25, 2013 announcing the transition of the Chief Executive Officer position is attached hereto as Exhibit 99.1.

**Item 8.01**                      **Other Events**

In conjunction with the transition of the Chief Executive Officer position described above, the Board of Directors of the Company also approved the following additional changes in the Company's executive officer group on June 21, 2013.

Henri-Claude Fabry, Vice President of International Distribution, will retire from the Company, effective June 30, 2013. The Company will eliminate this position.

James E. Feiertag, Executive Vice President, will assume responsibility for all of the Company's wholly-owned European and Asian manufacturing and distribution operations, including their sales and marketing activities as well as global sourcing, effective July 1, 2013.

Dean Bratel, Vice President, Engineering, will be promoted to the new position of Vice President – Americas, effective July 1, 2013. In this position, Mr. Bratel will have responsibility for the Company's North American operations, as well as the sales and marketing functions in the Americas, Corporate Engineering, and the Company's Nico joint venture in Japan.

Jeffrey S. Knutson, Corporate Controller and Chief Accounting Officer, assumed the additional responsibility of Secretary for the Company effective June 21, 2013.

Thomas E. Valentyn, General Counsel and Secretary, will leave the Company effective July 31, 2013, due to the elimination of the position of General Counsel. His role as Secretary of the Company was assumed by Mr. Knutson effective June 21, 2013.

John H. Batten Elected Chief Executive Officer  
Michael E. Batten Named Non-Executive Chairman

RACINE, WISCONSIN—June 25, 2013—Twin Disc, Inc. (NASDAQ: TWIN), today announced that the Board of Directors of Twin Disc, Incorporated has elected John H. Batten, 47, to the position of President – Chief Executive Officer of the Company effective November 1, 2013. Michael E. Batten, 73, will retire from the employment of the Company effective December 31, 2013 and continue to serve as non-executive Chairman of the Board of Directors.

Speaking on behalf of the Board, Michael E. Batten, Chairman – CEO, stated “The succession plan that has been in effect for several years has developed a strong, experienced and stable leadership team that will take the Company to new levels of achievement in the years ahead. The Board and I are confident that John and his team will continue to expand global revenues aggressively and to enhance shareholder value through the implementation of their solid strategic plan focusing on innovation, product/market differentiation and geographic diversity”.

John H. Batten joined Twin Disc in 1996 as an application engineer and in 1998 was named Commercial Manager – Marine Propulsion. He was elected Vice President – General Manager Marine & Propulsion in 2001 and a Director of Twin Disc in 2002. He became Executive Vice President – European Manufacturing & Marine and Propulsion Marketing in 2004. In 2008 he was promoted to the position of President – Chief Operating Officer.

John Batten earned a BA degree in History from Yale University in 1988, a BS degree in Mechanical Engineering from the University of Colorado – Boulder in 1996 and completed the Harvard Business School Advanced Management Program in 2004.

Michael E. Batten joined Twin Disc in 1970 and held the positions of Subsidiary Controller and Vice President – Secretary until he was named Executive Vice President 1976. He was elected President - CEO in 1983 during the depths of the OPEC recession at which time he oversaw a significant restructuring of the Company. Since then he has led a strategic redirection of Twin Disc, through internal product development and acquisitions, away from reliance primarily on the construction equipment industry to a more diversified and balanced mix of business in the marine, oil and gas and industrial markets. Today the Company holds a #1 or #2 position in each of its served markets and consistently generates over half of its sales outside the United States. During his tenure, Mr. Batten has focused on developing a strong successor management team that is committed to creating long-term shareholder value.

#### [About Twin Disc, Inc.](#)

Twin Disc, Inc. designs, manufactures and sells marine and heavy-duty off-highway power transmission equipment. Products offered include: marine transmissions, surface drives, propellers and boat management systems, as well as power-shift transmissions, hydraulic torque converters, power take-offs, industrial clutches and control systems. The Company sells its products to customers primarily in the pleasure craft, commercial and military marine markets, as well as in the energy and natural resources, government and industrial markets. The Company’s worldwide sales to both domestic and foreign customers are transacted through a direct sales force and a distributor network.
