**TWIN DISC, INC. ANNOUNCES FISCAL 2019
FIRST QUARTER FINANCIAL RESULTS**

- Q1 Net Sales Increase 65.7% to \$74,689,000, including the impact of the Veth acquisition
 - Gross Profit Percent Improves 110 Basis Points to 32.1% in Q1
 - Q1 EBITDA of \$7,986,000 versus the prior year of \$442,000
- Six-Month backlog at \$146,336,000 remains strong and increased 133.5% versus the prior year

RACINE, WISCONSIN — October 29, 2018 — **Twin Disc, Inc. (NASDAQ: TWIN)**, today reported financial results for the fiscal 2019 first quarter ended September 28, 2018.

Net sales for the fiscal 2019 first quarter were \$74,689,000, compared to \$45,064,000 for the same period last year. The 65.7% increase in fiscal 2019 first quarter net sales was primarily due to the contribution from the Veth Propulsion acquisition, improved demand for the Company's 8500 series transmission systems and aftermarket components from North American fracking customers, and improved activity in the global commercial marine market.

Commenting on the results, John H. Batten, President and Chief Executive Officer, said: "We are encouraged with the start of the new fiscal year as a result of the favorable contribution of Veth Propulsion and improving global demand across many of our end markets. Throughout the year, we are focused on fully integrating Veth into our organization and supporting their growth plans by accelerating sales and marketing opportunities. Twin Disc's size and global support and service capabilities have improved Veth's competitiveness and helped Veth achieve significant orders during the first quarter. Overall, Veth is performing in line with our expectations and providing the product and market diversification we anticipated. We are excited by the long-term potential this acquisition has for our business, customers, and shareholders."

Gross profit for the fiscal 2019 first quarter was 32.1%, compared to 31.0% for the same period last year. The 110-basis point increase in gross profit percent for the fiscal 2019 first quarter was primarily due to higher volumes, a more profitable mix of revenues and improved operating efficiencies. Gross profit for the first quarter includes the amortization of a purchase accounting item related to the write-up of inventory (\$1,171,000).

For the fiscal 2019 first quarter, marketing, engineering and administrative (ME&A) expenses increased \$5,592,000 to \$18,986,000, compared to \$13,394,000 for the fiscal 2018 first quarter. The 41.8% increase in ME&A expenses in the quarter was primarily due to the addition of Veth, including the amortization of purchase accounting intangibles of \$621,000. Other changes included increased stock compensation expense, professional fees, salaries, travel and marketing expenses related to the Veth acquisition and the Company's centennial celebration. As a percent of revenues, ME&A expenses fell to 25.4% for the fiscal 2019 first quarter, compared to 29.7% for the same period last year.

Twin Disc recorded restructuring charges of \$173,000 in the fiscal 2019 first quarter, compared to restructuring charges of \$1,218,000 in the same period last fiscal year. Restructuring activities during the fiscal 2019 first quarter related primarily to ongoing cost reduction and productivity actions at the Company's European operations.

The fiscal 2019 first quarter tax rate of 23.4% reflects the impact of the U.S. Tax Cuts and Jobs Act signed in December 2017. The fiscal 2018 first quarter tax benefit was primarily the result of the reversal of the valuation allowance (\$3.8 million) in a certain foreign jurisdiction that had been subject to a full valuation allowance. Improvement in operating results, along with tax planning opportunities, allowed for the reversal of this valuation allowance during the fiscal 2018 first quarter.

Net income attributable to Twin Disc for the fiscal 2019 first quarter was \$2,862,000, or \$0.24 per diluted share, compared to a net income attributable to Twin Disc of \$3,392,000, or \$0.29 per diluted share (which includes the favorable impact of the valuation allowance reversal), for the fiscal 2018 first quarter.

Earnings before interest, taxes, depreciation and amortization (EBITDA)* were \$7,986,000 for the fiscal 2019 first quarter, compared to \$442,000 for the fiscal 2018 first quarter.

Jeffrey S. Knutson, Vice President – Finance, Chief Financial Officer, Treasurer and Secretary, stated: “I am pleased with the success of the previously announced follow-on stock offering that was completed on September 25, 2018. Twin Disc received net proceeds of \$32,210,000, which was used to pay down debt associated with the Veth acquisition. Our healthy capital position provides us with the flexibility to continue investing in growth producing and cost saving initiatives. In addition, we expect to generate cash from operating activities during fiscal 2019 as we focus on improving our working capital requirements, primarily through reductions in inventory. For the first quarter of fiscal 2019, we invested \$3,556,000 in capital expenditures and expect to invest approximately \$14,000,000 to \$16,000,000 in capital expenditures in total during fiscal 2019. Capital expenditures are primarily focused on additional investments to upgrade our manufacturing capabilities and improve both quality and efficiencies.”

Mr. Batten concluded: “Our six-month backlog at September 28, 2018 was \$146,336,000, compared to \$114,979,000 at June 30, 2018 and \$62,665,000 at September 29, 2017. The 133.5% year-over-year improvement in our six-month backlog is primarily due to positive trends within our North American oil and gas markets, the contribution of the Veth acquisition and improving demand across many of our other markets. Backing out Veth's orders, our six-month backlog was up over 7% during the past three months, and up nearly 100% from September 29, 2017. The fiscal 2019 first quarter included certain one-time expenses associated with the Veth acquisition, the September stock offering, and certain other non-recurring corporate expenses. As a result of strong order trends and the positive impact of the Veth acquisition, we believe fiscal 2019 will be another strong year for the Company.”

Twin Disc will be hosting a conference call to discuss these results and to answer questions at 11:00 a.m. Eastern Time on Monday, October 29, 2018. To participate in the conference call, please dial 866-548-4713 five to ten minutes before the call is scheduled to begin. Forward-Looking Statements

This press release may contain statements that are forward looking as defined by the Securities and Exchange Commission in its rules, regulations and releases. The Company intends that such forward-looking statements be subject to the safe harbors created thereby. All forward-looking statements are based on current expectations regarding important risk factors including those identified in the Company's most recent periodic report and other filings with the Securities and Exchange Commission. Accordingly, actual results may differ materially from those expressed in the forward-looking statements, and the making of such statements should not be regarded as a representation by the Company or any other person that the results expressed therein will be achieved.

*Non-GAAP Financial Disclosures

Financial information excluding the impact of asset impairments, restructuring charges, foreign currency exchange rate changes and the impact of acquisitions, if any, in this press release are not measures that are defined in U.S. Generally Accepted Accounting Principles ("GAAP"). These items are measures that management believes are important to adjust for in order to have a meaningful comparison to prior and future periods and to provide a basis for future projections and for estimating our earnings growth prospects. Non-GAAP measures are used by management as a performance measure to judge profitability of our business absent the impact of foreign currency exchange rate changes and acquisitions. Management analyzes the company's business performance and trends excluding these amounts. These measures, as well as EBITDA, provide a more consistent view of performance than the closest GAAP equivalent for management and investors. Management compensates for this by using these measures in combination with the GAAP measures. The presentation of the non-GAAP measures in this press release are made alongside the most directly comparable GAAP measures.

Definition – Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA)

The sum of, net earnings and adding back provision for income taxes, interest expense, depreciation and amortization expenses: this is a financial measure of the profit generated excluding the above mentioned items.
